November 2026 SAUDI CONTRACT PRICE (SCP) FOR LPG

The SCP is set by Saudi Arabia's state-owned oil company Saudi Aramco at the beginning of each month. It is the primary driver of LPG pricing in Australia and the Far East.

Every month Gas Energy Australia distributes the SCP data to its members and subscribers.

The following is a breakdown of this month's data.

SCP ($US) per metric tonne

C3 (Propane) = US$720
C4 (Butane) = US$780

US dollar/Australian Dollar Exchange Rate (ER)

$US/$A ER = 0.6989

SCP ($A) per metric tonne

C3 (Propane) = AUD$1030
C4 (Butane) = AUD$1116

***Figures subject to rounding**
